XPC accessory PV04 – Installation Guide

(1) Due to safety reasons, please turn off your computer completely first and unplug it from the power supply.

(2) Use four screws to fasten the VESA mount brackets on the rear of a suitable monitor.

(3) Position the XPC slim between the metal brackets of the VESA mount. Check that it is properly aligned with the screw holes, then affix the PC with the present thumbscrews on each side.

(4) Completed.
