iMouse A30

Wireless Mouse with AI CoPilot Shortcut Button

Introducing the Adesso iMouse A30, the wireless USB-A mouse designed to elevate your productivity with intuitive AI integration. Featuring a sleek design, the iMouse A30 boasts a convenient AI CoPilot shortcut button, putting advanced functionality at your fingertips. With a single press, access AI-powered shortcuts for seamless navigation, task management, and more.

■ AI CoPilot

The Copilot AI button on your mouse provides instant access to an advanced AI assistant designed to assist you in various tasks. Simply press the designated hotkey, and Copilot AI will be ready to answer questions, generate content, assist with writing, weather updates, time and calendar, technical support for your device or products, and product recommendations.

■ Ambidextrous Design

Discover true versatility with our ambidextrous mouse design. Engineered for both left and right-handed users, this mouse ensures comfort and control for everyone.

■ 2.4Ghz Wireless

The iMouse A30 features reliable 2.4GHz wireless connectivity with up to 30 feet of range.

■ Enhanced Optical Sensor

Optical sensor technology improves precision and even lets you work on most surfaces such as wood, marble and leather without a need of mouse pad.

■ 1200 DPI Resolution

The iMouse A30 provides responsive, smooth cursor control, precise tracking and easy text selection thanks to its 1200 DPI
