Highlights

Compact and portable

Just plug the induction cooker in and you are ready to cook!

Adjustable heating levels

Tailor your everyday cooking experience to your specific needs, thanks to 8 adjustable power and temperature levels. From slow simmering to rapid boiling, enjoy precise control for flavourful, nutritious meals.

4 presets

Get started fast and cook your way with 4 preset cooking programmes to choose from: Boil, Stir Fry, Soup, and Low Heat.

Designed to fit

Compact design of just 53 mm thin – cook easily in any kitchen space, store neatly in drawers or cupboards

Easy cleaning

Smooth and durable ceramic glass resists stains and scratches – simply wipe it clean

Boost

The boost function delivers instant maximum power for rapid heating, speeding up boiling and high-heat cooking – so you spend less time cooking and more time enjoying your meals.

Customisable timer

Set the timer for up to 3 hours, then relax and let the cooker do all the work. Enjoy hassle-free cooking and perfectly timed meals every time.

Quick set-up

Control heat, preset functions and safety features at your fingertips

Safety lock

Child lock prevents accidental touches for added safety and peace of mind.

Powerful performance with heat levels up to 2000 W, Quick setup. Simple cooking. Easy cleaning., Cook your way: 4 presets, from soups to stir-fries, Safer kitchen with auto-shut-off and child lock
