

INLINE® 5MP WEBCAM

USB-C, autofocus, Windows Hello, privacy shutter

- **Efficient login with Windows:** Supports Windows Hello facial recognition for fast and convenient login.
- **Clear image transmission for video communication:** 5-megapixel sensor with autofocus ensures stable and detailed image display.
- **Clear voice transmission:** Integrated microphone with automatic noise cancellation for clear communication.
- **Physical privacy protection:** Mechanical privacy shutter to cover the camera when not in use.
- **Easy integration:** Plug-and-play operation under Windows without manual driver installation.

The InLine webcam with autofocus was developed for professional use in video applications. It supports video conferences and online meetings with clear image display. The integrated 5-megapixel sensor ensures detailed reproduction, while the autofocus automatically keeps the image sharp even when moving.

The webcam supports facial recognition login via Windows Hello on Windows 10 and Windows 11. Biometric data is processed exclusively locally in the Windows operating system.

For clear voice transmission, the webcam has an integrated microphone with automatic noise cancellation. A mechanical privacy shutter reliably protects your privacy. Connection is via USB-C. Manual driver installation is not required.

- Video resolution: up to 2560 x 1944 pixels at 30 Hz
- Focus type: Autofocus
- Integrated microphone with automatic noise cancellation
- Connection type: USB-C
- Cable length: 1.5 m
- Supported operating systems: Windows 10, Windows 11
- Privacy function: mechanical shutter
- Operating temperature: 10 °C to 45 °C
- Storage temperature: -20 °C to 60 °C
- Maximum humidity: 90 percent, non-condensing

Technical Data	
Auto focus:	Yes
Cable length:	1.50 m
Colour:	Black
Integrated microphone:	Yes
Interface:	USB 3.2
Max. resolution:	2560x1944/30 Hz
Port:	USB-C

Item No.	Colour	EAN
55365	black	4043718348091
