The right light for all your needs – at a touch

With Philips Valen remote-controlled ceiling luminaires, your lighting adapts to your life, not the other way around. With just a click, you can transform your space – whether you need energising brightness to focus or warm tones to relax. Exclusive dim-to-warm technology creates a cosy atmosphere of candlelight for that soft glow when you want to wind down. No complicated set-ups, no hassle – just seamless, intuitive control for every moment of your day. Remote control is included.

Create a warm atmosphere
- Dim-to-warm

Limitless possibilities
- Full flexibility to create the perfect ambience

Versatile lighting for every moment of your day
- Deep dimming to 1%

Easy to experience
- Easy to install

Control
- Easy to control

Highlights

Dim-to-warm
With WarmGlow technology, the light gets warmer in tone as it dims, just like a traditional incandescent bulb. Dim 2700 K as low as 2200 K and 1% to create a cosy, candlelight atmosphere.

Full flexibility to create the perfect ambience
Create the desired ambience for all of your spaces and activities by effortlessly choosing from five different settings: Nightlight (2700 K), Relax (2200 K), Bright(3000 K), Concentrate (4000 K) and Energise (6500 K)

Deep dimming to 1%
You can easily create the perfect ambience with deep dimming down to 1% – whether you want to watch film, dim the lights to get ready for bed or need a nightlight in the middle of the night.

Easy to install
A simple wiring connector and twist-and-lock mechanism means that luminaires can be installed quickly without the need for special tools or procedures. The remote control or wall switch are easily affixed to the wall, so they are always available when you want to turn the lights on or off.

Easy to control
Simply install Valen like a normal ceiling luminaire and start using it with the remote control or wall switch. No pairing, no mobile app – just unbox it, install it and control it using the remote control or wall switch. Select your preferred scenes or dimming levels with just a click. This light has a built-in memory chip which will memorise your last light setting, you can always keep your favourite scene.

Specifications

Bulb characteristics
- Intended use: Indoor
- Dimmable: Yes

Design and finishing
- Colour: Black
- Material: Plastic

Durability
- Average life (at 2.7 hrs/day): 20 year(s)
- Number of switch cycles: 20,000
