

Soft Floor Cable Duct

Soft Cable Floor Duct is the natural choice for a quiet and elegant work environment. A unique, stable construction which lies securely without having to make holes in the floor.

Stable, flexible and comfortably soft

Large flexibility and easy installation for hidden cable drawing makes it ideal for both office and home environments. It is delivered complete with two endpieces which can be anchored to the floor when necessary. The floor cable duct can also be extended with additional extension pieces.

Easy to install:

- 1) Roll out the duct on the floor
- 2) Adjust the length as required using scissors or a knife
- 3) Turn the floor duct over and insert the desired number of cables
- 4) Assemble easily without tools using the endpieces

Accessories:
Extension pieces
