- PC app lets you control and recall all of your settings
- 3-Year Warranty Program*
- Designed and engineered in Canada

Take everything you used to know about broadcasting audio and forget it. What would take dozens of pieces of hardware and software can now be achieved by one sleek and intuitive solution. Mix your audio in real time, change your voice, use industry defining hardware and software, and engage your audience like never before.

The Perfect Mix Every Time

GO XLR gives you control of your audio like never before. With a 4-channel mixer, you can control the volume of all your audio sources in real time so you can keep your focus where it needs to be.

Effects

GO XLR

Revolutionary Online Broadcaster Platform
with 4-Channel Mixer, Motorized Faders,
Sound Board and Vocal Effects

A Smooth Operator

With customizable motorized faders, you'll always come back to sound the way you want it. Change the LCD scribble strips to personalize GO XLR and make it your own.

On-The-Fly Samples

GO XLR's sound board and recorder can be used to riff on-the-fly samples or to cue bumpers for your podcast or just for fun!

Bring The Studio Home

Use vocal effects that pros in the industry rely on every day, including: Reverb, Echo, Pitch Shift, Gender Bend, Robot, Megaphone and HardTune.

Sound Board and Vocal Effects

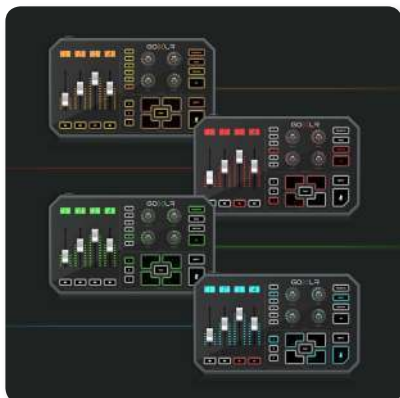

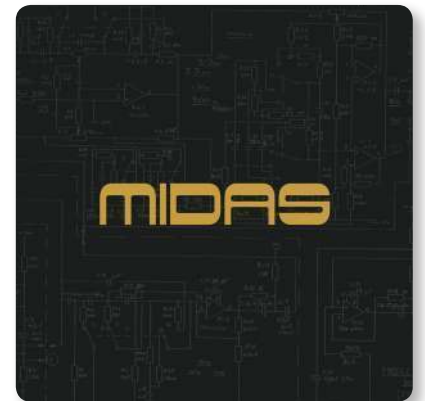

Sound Better Than Ever

GO XLR includes an amazing suite of audio effects including equalizers, compressors, de-essers, and gating controls to make your voice sound amazing with no delay--and you don't need to be an audio engineer to use it.

Give Your Voice "The Midas Touch"

GO XLR uses a premium low-noise Midas mic preamp for professional broadcast quality.

OMG RGB

Make GO XLR your own with fully customizable lighting to match your gaming rig, your game, your brand, or just you.

Cough It Up!

Use the “Cough” button to instantly mute yourself and avoid being _____.

App-Solutely

Whether you're a seasoned audio engineer or are brand new, the GO XLR app features simple and easy-to-use controls to get you up and running quickly with advanced options for those who want more control over their sound. We built the GO XLR App from the ground up just for broadcasters and gamers. Use the app to control and recall all of your settings quickly and seamlessly.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own [Music Tribe](#) factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous [Warranty](#) program.
