

KS0020

THE PHOENIX FINGERPRINT KEY SAFE is ideal for home, office, schools, garages and office blocks.

- **Locking** – Advanced ‘user friendly’ electronic lock and biometric fingerprint scanner that can store up to 20 fingerprints with an anti-tamper or bounce solenoid system. For added peace of mind this safe is fitted with a key override facility for emergency use (2 keys supplied) and an external USB-C power supply connector, allowing the lock to be powered up, if the batteries need replacing.
- **Security** – When bolted to a wall these key safes provide defence against burglaries aimed at stealing car keys, house keys etc.
- **Fixing** – Ready prepared for fixing to the wall with 4 anchor bolts supplied.
- **Special Features** – Adjustable key hooks, spring loaded door and a key deposit slot, allowing keys to be deposited without the need to open the safe.
- **Lighting** – Fitted with a bright internal LED interior light so the contents can easily be seen.
- **Key Tags** – Supplied complete with a selection of coloured key rings.
- **Colour** – Finished in a high quality scratch resistant Black paint.
