

HSM SECURIO Document Shredders

Product Overview

HSM SECURIO document shredders

With the HSM SECURIO document shredders you can expect the highest level of quality. Regardless of whether you have chosen the AF-series with automatic paper feed, the C-series for the small office, the B-series for the workplace or the P-series with IntelligentDrive for professional use: you are on the safe side with shredders from HSM!

Actual zero power consumption in stand-by mode, for the models HSM SECURIO C14, C16 and AF100.

Lifetime warranty on steel cutting rollers in HSM SECURIO document shredders at security levels P-2 to P-5.

HSM SECURIO document shredders, with the exception of HSM SECURIO AF100, P36i, P40i and P44i, have been awarded the Blue Angel certificate.

0.1 Watt power consumption in stand-by mode for the document shredders HSM SECURIO C18 to B35 and AF150 to AF500.

3 years warranty for the HSM SECURIO document shredders.

HSM produces all document shredders of the HSM SECURIO range in Germany.

HSM SECURIO C-series document shredders

Space-saving, efficient and secure. The C-series impresses with its appealing compact design and ease of use. Perfect for document shredding at the office or at home.

Special product features:

- Quiet operation minimises noise development in the workplace.
- Practical automatic start/stop.
- Level indicator through inspection window (from C16 upwards).
- High degree of user safety.

Easy and convenient emptying.

HSM SECURIO AF-series document shredders

Innovative, convenient and time-saving. The autofeed paper shredders of the AF-series with Nanogrip Technology combine functionality and ease of use. For the reliable and easy shredding of stacks of paper and individual sheets of paper.

Special product features:

- Useful dual function: manual paper feeding during autofeed stack processing.
- Light barrier for automatic start/stop (from AF150 upwards).
- Powerful motor for continuous operation (from AF150 upwards).
- Multifunction element for intuitive operation (from AF150 upwards).
- Effortless emptying of the waste container via the removable housing top (AF100).
- Removable waste container for effortless emptying (AF150 and AF300).
- Convenient removal and emptying of the reusable collecting bag (AF500).
- Paper feed with overload protection reduces paper jams.
- Mobile on castors (from AF150 upwards).

HSM SECURIO B-series document shredders

Economical, reliable and versatile. The B-series impresses with its high level of performance and maximum functionality. The product range offers document shredders for the workplace or small working groups of up to eight people.

Special product features:

- Light barrier for automatic start/stop.
- Powerful motor for continuous operation.
- Safety element prevents unintentional entry.
- Convenient removal and emptying of the reusable collecting bag.
- High quality wooden floor cabinet with door (from B26 upwards).
- Mobile on castors (from B24 upwards).
- External oiler ensures a consistently high cutting performance (available as option for all particle cut versions, from B24 upwards).

HSM SECURIO P-series document shredders

Data destruction at the highest level. The shredders in the Professional series impress with their innovative drive and operating concept IntelligentDrive – up to 40 % more performance, intelligent prevention of paper jams and a reduced operating noise level. Perfect for large working groups of up to fifteen people.

Special product features:

- Intelligent paper jam prevention. The machine recognises very quickly if too much paper has been fed in and reacts autonomously.
- High degree of energy saving due to stand-by and automatic switch-off.
- Powerful motor for continuous operation.
- Light barrier for automatic start/stop.
- The device automatically switches off if pressure is applied to the safety element.
- Mobile on castors.
- High quality wooden floor cabinet with door.
- Convenient removal and emptying of the reusable collecting bag.

Intuitive operation and multi-language menu selection via the 4.3" touch display.

With an integrated automatic oiler for particle cut models, for a consistently high cutting performance.

The innovative drive and operating concept IntelligentDrive offers the following operating modes:

Silent for particularly quiet operation.

Standard with an optimum throughput rate and low noise level.

Performance for maximum cutting and throughput performance.
