

TruSound Audio Range

Listen your way. Every day.

Sound is personal. Whether you're drowning out the morning commute, powering through a study session, keeping pace on a run, or carving out a moment of calm in a noisy world, the way you listen matters. The Verbatim TruSound range is a complete lineup of headphones, true wireless earbuds, and neckband earbuds built to deliver impressive audio quality, smart features, and all-day comfort. From the TruSound Bluetooth Headset to the TruSound Pro Earbuds with Hybrid ANC, every model is engineered to bring great sound to everyone.

What sets TruSound apart is the thoughtful feature set packed into every model. Across the range you'll find Bluetooth 5.4 and 6.0 for fast, stable wireless performance, multipoint pairing to stay connected to two devices simultaneously, and USB-C charging throughout. Select models bring Active Noise Cancellation - including Hybrid ANC with six microphones reducing noise by up to 33dB - while built-in EQ modes across multiple models let you personalise your sound with a button press. Battery life ranges from 10 hours up to an extraordinary 110 hours, with something built for however long your day runs.

The TruSound range covers every listening scenario and every lifestyle. Over-ear headsets with foldable designs and wired AUX backup suit commuters and desk workers. True wireless earbuds with high-capacity charging cases are the ideal companion for gym sessions and life on the move. Neckband earbuds with smart Hall Switch auto on/off and class-leading battery life are purpose-built for sport and active everyday wear. Whatever your day looks like, there's a TruSound to match it.

Key Features

- Bluetooth 5.4 across the range, with Bluetooth 6.0 on the TruSound Pro Earbuds with Hybrid ANC
- Active Noise Cancellation on selected models - including Hybrid ANC (up to 33dB) and standard ANC (up to 25dB)
- Transparency mode on TruSound ANC Neckband Earbuds - toggle awareness when you need it
- ENC (Environmental Noise Cancellation) for clearer calls across earbud and neckband models
- Multipoint pairing across the range - connect two devices simultaneously
- Built-in EQ modes on selected models - no app required
- Battery life from 10 hours up to 110 hours total playtime
- USB-C charging across the entire range
- 40mm drivers on over-ear headsets; 10–13mm drivers across earbud and neckband models
- Wired AUX option with detachable 3.5mm cable on all headset models
- Foldable design on over-ear headsets for compact storage and transport
- Magnetic auto power on/off on select neckband earbud models
- Multiple ear tip sizes included with all earbud and neckband models

TruSound Pro Bluetooth Headset with Active Noise Cancellation

verbatim

Zone in. Tune out.

Block out the world and focus on what matters. The Verbatim TruSound Pro Bluetooth Headset with ANC uses Active Noise Cancellation to filter out ambient noise - so whether you're studying, commuting, or travelling, your music stays front and centre. With up to 35 hours of battery life (28 hours with ANC active), you can go days between charges and keep the playlist running through even your longest days.

Powered by Bluetooth 5.4 with multipoint pairing, the TruSound Pro connects to two devices at once, so you're always ready when a call comes in, without the fuss of manual reconnecting. Prefer wired? The included detachable 3.5mm AUX cable has you covered. The 40mm dynamic drivers deliver deep bass, clear mids, and crisp highs, making this headset a genuine all-rounder for music, movies, and meetings.

Built for real life, the TruSound Pro features a stainless steel reinforced headband and foldable, rotatable earpads that pack flat for easy transport. USB-C charging keeps top-ups quick and simple. It's the smart, durable, great-sounding headset that punches well above its price.

TruSound Bluetooth Headset

with Active Noise Cancellation

verbatim

Zone in. Tune out.

Block out the background and get back to your music. The Verbatim TruSound Bluetooth Headset with ANC uses Active Noise Cancellation to filter out ambient noise, giving you a cleaner, more focused listening experience wherever you happen to be - commuting, studying, or travelling. With 25 hours of battery life, you can go most of the week without touching a charger.

Bluetooth 5.4 with multipoint pairing keeps you connected to two devices at once - no manual reconnecting, no fuss. The 40mm dynamic drivers deliver rich, full audio, and when the battery runs low, the included detachable 3.5mm AUX cable lets you keep listening wired. The foldable design means it packs flat into any bag for easy transport.

A built-in microphone handles calls clearly on the move, and USB-C charging makes top-ups quick and hassle-free. The TruSound ANC Headset is straightforward, capable, and genuinely great value for anyone looking to get more out of their everyday listening.

TruSound Bluetooth Headset

Big Sound. Smart Price.

The Verbatim TruSound Bluetooth Headset is designed for everyday listeners who want quality wireless audio without overspending. Driven by 40mm dynamic drivers and powered by Bluetooth 5.4, it delivers a full, rich soundstage that covers everything from early morning commutes to late-night study sessions - and at 10 hours of playtime, it keeps going as long as you do.

The built-in EQ modes allow you to switch between Bass, Pop, and Vocals settings instantly with a button press to match the music you're playing - no app, no fuss, just better sound on demand. Multipoint pairing keeps you connected to two devices at once, and the detachable 3.5mm AUX cable means you've always got a backup when you need to go wired.

Compact, comfortable, and built for daily use, the TruSound Headset's foldable design makes it easy to stow in any bag. USB-C charging keeps things simple, and the built-in microphone means calls and voice control are always within reach. This is the everyday headset that does more than you'd expect.

TruSound Pro TWS Earbuds with Hybrid ANC

Small earbuds. Serious technology.

Take on the noise. The Verbatim TruSound Pro Earbuds with Hybrid ANC use six microphones - both external and internal - to detect and cancel ambient sound from outside and inside the earbud simultaneously, reducing noise by up to 33dB across a wider frequency range for truly immersive listening. ENC works alongside it during calls, filtering background noise independently to keep your voice clear and easy to hear. Two technologies, one compact earbud.

Powered by Bluetooth 6.0 - the newest wireless standard available - the TruSound Pro Earbuds offer faster pairing, lower latency, and a more stable connection than Bluetooth 5.x earbuds, especially in crowded wireless environments. Multipoint pairing keeps you connected to two devices simultaneously, and ENC technology ensures your voice comes through clearly on calls even when the surroundings aren't cooperating.

With up to 22.5 total hours of playtime via the USB-C charging case, 13mm dynamic drivers for punchy clear audio, and three ear tip sizes for a personalised fit, the TruSound Pro Earbuds are compact, capable, and built for life on the move.

PART NUMBER: 30199 (BLACK)

TruSound Pro TWS Earbuds with Active Noise Cancellation

verbatim

Wireless freedom. All day.

More features, more music. The Verbatim TruSound Pro Earbuds deliver ANC that reduces ambient noise by up to 25dB for focused listening, and ENC that filters background noise during calls for crystal-clear voice quality - available in Black or White. Four microphones handle both functions, ensuring whether you're listening or talking, you're always getting the best audio experience possible.

The 800mAh charging case delivers up to 50 total hours of playtime - enough for a full working week of commutes, gym sessions, and everything in between - all without needing a wall socket. Five hours per charge handles most individual listening sessions with ease. Bluetooth 5.4 with multipoint pairing keeps you seamlessly connected to two devices at once.

Switch between Bass and Balanced EQ modes with a single button press to suit your music. Three sizes of ear tips ensure a secure, comfortable fit, and USB-C charging on the case keeps things quick and simple. The TruSound Pro Earbuds: seriously capable earbuds at a seriously good price.

TruSound Pro Neckband Earbuds

Stay connected wherever life takes you.

Verbatim's TruSound Pro Neckband Earbuds are your go-anywhere audio companion built for the demands of modern life. Whether you're deep in a working day, pushing through a tough gym session, or settling into a long-haul flight, these earbuds are designed to keep up without missing a beat.

With an extraordinary 110-hour battery life, the TruSound Pro is one of the longest-lasting earbuds in its class. Powered by Bluetooth 5.4 technology with multipoint pairing, you can stay seamlessly connected to two devices at once, switching between your laptop and phone with zero hassle. Calls are handled with crystal clarity thanks to built-in Environmental Noise Cancelling (ENC), which filters out ambient background noise during calls, ensuring your voice is heard clearly by the listener.

The flexible, lightweight neckband design means comfort you can count on across hours of use. Inline controls and a built-in microphone put everything at your fingertips, so managing calls, volume, and media never requires you to reach for your phone. When the battery does eventually run low, USB-C charging has you fully powered again in around 2 hours.

TruSound ANC Neckband Earbuds

verbatim

Stay connected wherever life takes you.

Take control of your environment with the Verbatim TruSound ANC Neckband Earbuds - built for people who demand more from their audio. Whether you're blocking out open-plan office noise, tuning in on a commute, or pushing through a workout, Active Noise Cancelling up to 22 dB puts you in charge of what you hear.

Powered by Bluetooth 5.4 with multipoint pairing, switching between your laptop and phone is instant and effortless. The 13 mm precision-tuned dynamic drivers deliver rich, balanced sound across music, videos, and calls, while Game Mode helps reduce latency when you need it most. When you're done, the magnetic earbuds snap together and the built-in hall switch sensor auto-powers down and pauses playback.

At just 46 g, the lightweight neckband keeps you comfortable through long wear, with on-neck controls and a built-in mic making call and media management a breeze. With up to 28 hours of playtime and a full USB-C recharge in around 1 hour, the TruSound ANC keeps pace with your day, wherever it takes you.

PART NUMBER: 30205 (BLACK); 30206 (GREY)

Key Features

- Active Noise Cancelling: Toggle between modes with ANC button, adapting instantly to your surroundings.
- Bluetooth 5.4 with Multipoint Pairing: Stable, power-efficient connection to two devices at once; switch from laptop to phone without manual reconnection.
- 13 mm Drivers: Precision-tuned for deep bass, clear mids, and crisp highs across music, video, and calls.
- 28-Hour Battery & 1-Hour Recharge: All-day listening power with fast top-up via universally compatible USB-C.
- Game Mode: Reduces audio latency for a more responsive experience during mobile and video gaming.
- Magnetic Sensor with Hall Switch: Snap together when not in use; auto powers down and pauses playback.
- On-Neck Controls & Built-in Mic: Manage calls, volume, and tracks directly from the neckband.

TruSound Lite Neckband Earbuds

verbatim

Built for the way you move.

The Verbatim TruSound Lite Neckband Earbuds sit comfortably around your neck - always accessible, never in the way. Magnetic earbuds clip neatly together when not in use, keeping them secure and tangle-free wherever your day takes you. No case needed. No fuss. Just easy, accessible audio from morning to night.

With 24 hours of battery life, three EQ modes (Bass, Balanced, and Rock), ENC for clear hands-free calls, and multipoint pairing to stay connected to two devices at once, the TruSound Lite Neckband Earbuds cover all the bases for active daily use. Three ear tip sizes ensure a secure fit, Bluetooth 5.4 keeps the wireless connection solid, and USB-C charging means you're always using the same cable as your other devices.

Available in Black and Blue - bold colours for people who keep moving. Whether you're at the gym, on the commute, or going about your day, the TruSound Lite Neckband Earbuds are the low-fuss, high-performance choice for listeners who don't want to slow down.
