

GAME RULES

- 1 Choose a challenge. There are two types of challenges:
 - A. The “heart” challenges are played on one side of the game board.
 - B. The “rectangular” challenges are played on the other side.
Place the indicated puzzle pieces on the right game board (as shown in the challenge).
- 2 Fit all the other puzzle pieces on the game board. Puzzle pieces are double-sided and either side can be used. The grooves in the puzzle pieces should align with the grid on the game board.
- 3 There is only one solution, which can be found at the end of the challenge booklet.
