DATASHEET

HyperX Eve 1800 - Gaming Keyboard

THE EVE OF GAMING

The HyperX Eve 1800 Gaming Keyboard is a compact gaming keyboard that gets you started right. With its condensed layout, you get more desk space for your mouse, microphone, and headset. Enjoy 10 zones of customizable, dynamic RGB lighting and turn your keyboard into the perfect accessory for your PC. Beyond lighting effects, this budget-friendly keyboard delivers style and performance in a sleek design with convenient media buttons. It features anti-ghosting and 12-key rollover, so your keypresses register exactly when they need to. Plus, the membrane switches deliver satisfying, cushioned keypresses that won't disturb you while you play. After all, this is the eve of your gaming adventure.

Key features

Start with Optimal Space

HyperX Eve 1800 delivers a full-size keyboard in a condensed layout, giving you extra room for your headset, mouse, and other accessories.

Responsive gaming keys

Eve 1800's membrane switches make every key feel cushioned and deliver satisfying tactile feedback, along with anti-ghosting and 12-key rollover that guarantee reliable keypress performance during gameplay.

Customization with HyperX NGENUITY Software

Customize game mode, build macros, and set up 10-zone lighting and effects. [1]

10-zone customizable RGB lighting

Get dynamic, customizable RGB lighting to complement your aesthetics and sync with your gaming.

Dedicated media buttons

Take control of volume, gaming modes, and switch profiles at the push of a dedicated button.
