Description

The Conceptronic ETTA09B12 USB 2.0 Magnetic Cable provides reliable charging and data transfer through a USB-C to USB-C connection. It supports USB Power Delivery up to 100W and data transfer speeds up to 480Mbps, making it suitable for laptops, tablets, smartphones and other USB-C devices.

Its magnetic design allows the cable to be neatly coiled for easy, tangle-free storage, while the durable nylon braided jacket provides added protection for everyday use. With a practical 1.2m length, the ETTA09B12 is ideal for home, office and travel.
