

DATASHEET

Signature Slim Solar+ K980 for Business

Signature Slim Solar+ K980 for Business is a modern, self-charging keyboard powered by light. It works in virtually any light without charging cables or alkaline batteries, so it's low maintenance for IT, hassle-free for employees, and a great solution to deploy at scale.

- **Powered by light, any light[1]:** Wireless keyboard powered by natural and artificial light to support employee productivity.
- **Logi LightCharge technology:** An efficient power management system that keeps the keyboard working in virtually any light. Includes a durable battery lasting up to 10 years.[2]
- **Laptop-style typing:** Low-profile keys are quiet and designed with a subtle "scoop" to offer a familiar typing experience. Durable keys are made for up to 10 million keystrokes.[3]
- **Productivity shortcuts:** Enhance workflow with additional shortcuts such as an AI Launch Key, meeting control keys, and an Action Key. Customizable with Logi Tune.[4]
- **Easy-Switch:** Connect Solar+ K980 to up to 3 different devices, such as laptops and tablets, and seamlessly switch between them.
- **Logi Bolt wireless technology:** Offers secure and reliable wireless connection even in congested wireless environments.
- **Designed for sustainability:** Made with a minimum of 70% post-consumer recycled plastic[5] and FSC™-certified packaging to reduce impact on the environment.

[1] Requires at least 200 lux illuminance.
[2] Lifetime projections are based on results from an 18-month test conducted by the battery manufacturer. Actual battery lifetime may vary based on user, environment and computing conditions.
[3] Actual key switch lifetime varies with usage.
[4] Customizing the device requires Logi Tune or Logi Options+, available for recent versions of *Windows* and *macOS* at logi.com/tune or logi.com/optionsplus.
[5] Excludes plastic in printed wiring assembly (PWA), cables, receiver, and packaging.
[6] Wireless range may vary based on users and computing conditions.
[7] Battery life varies with usage.
[8] *Copilot* requires *Windows* 11 or later and *Gemini* requires *Chrome* version 133.0.6882.0 or above. Visit logitech.com/support/K980B for more details.
[9] Meeting control keys require Logi Tune or Logi Options+ installed to get full functionality. Mute microphone key works out of the box on *Microsoft Teams* and *Webex* on *Windows*. Visit logitech.com/support/K980B for more details.
[10] Logi Tune and Logi Options+ are currently not supported. The device's basic functions will work without them.
[11] Requires Logi Tune downloaded on individual laptops.
