Fiber Optic Cleaning Pen, LC Fiber Cleaner for LC/CS Connectors and Ports, For 800+ Cleanings

**Product ID:** FOCPENLCCS2

Ensure optimal performance with this practical fiber optic cleaning pen, designed for LC and CS fiber connectors. It provides quick, effective cleaning for reliable signal quality in critical network environments.

This Fiber Optic Cleaning Pen effectively removes dust and particles to prevent contamination that can compromise connection reliability and signal quality. Because optical fiber is highly sensitive to contamination, keeping fiber ends clean is essential for maintaining consistent performance, especially in high-bandwidth connections where even minor particles can disrupt signal integrity.

Cleaning fiber connector ends is simple with the intuitive one-click mechanism. Each press advances the cleaning thread and rotates the tip to sweep the connector end face, ensuring a fresh cleaning surface with every use.

This Optical Fiber Cleaning Pen is suited for fiber optic network maintenance, server racks, and data centers. Its compact, lightweight design is ideal for technicians working with high-density fiber setups, including patch panels and transceivers. Compatible with both APC and UPC-polished fiber ends, it supports a wide range of LC and CS connections.

## Certifications, Reports and Compatibility

## Applications

## Features

• Effective Fiber Cleaning: Ensure optimal signal quality by removing dust and particles from fiber optic LC and CS connectors; Fiber optic cleaning pen is compatible with 1.25mm ferrules and APC/UPC-polished ends

• Simple One-Click Operation: Clean fiber ports and connectors instantly with a simple one-click design; Each press

advances the cleaning belt and rotates the tip to polish the connector end face

• Reach Tight Ports: Extendable nozzle makes it easy to clean recessed ports in dense or compact environments, Attach the protective cap after each use for secure storage, keeping the cleaning belt shielded from dust and damage

• Field Ready: Lightweight, long-lasting cleaning pen, ready for over 800 uses; Essential tool for technicians and installation crews working with fiber optic cables in data centers and edge or on-prem installations

• The IT Pro's Choice: Our network tools and testers are rigorously tested in our Innovation Lab to ensure enterprise-grade reliability; Built for seamless deployment across copper and fiber networks; Backed by free lifetime 24/5 multi-lingual assistance
