Variety pays!

Major sales potential often lies in the subtle differences.
Transfer your experiences with glass, tableware
or cutlery to the growing market for carafes.

FLOW

the curved one

The shape of this carafe flows as beautifully as its contents. The asymmetric lid gives this compact design momentum. A whole litre and a completely elegant design.

Kurz Kurz Design
designed by
Kurz Kurz Design, Solingen

FLOW SLIM

the one with the straight lines

The model among bottles.
Delicate lines, a high waistline, graceful and slender. The FLOW SLIM is the focal point of any table.

FLOW CLASSIC

the classic one

Fits in with any style of interior design.
Modestly attractive. Simply a sales hit!

FLOW BOTTLE

the dynamic one

A new take on the established bottle shape.
The outline flows seamlessly from the base to the tip. Glass and stainless steel are combined to exciting effect. Beautiful simplicity.

New packaging – the perfect way to stand out at the PoS

COOL

- High-quality combination of stainless-steel and glass

Tableware series | Trays & sandwich boards

Strong product range, strong growth.

Baking is back in style. Some 17 million people bake on a regular basis in Germany alone.* And 28.7 % of households that bake do so at least once a week.**

Whether it's for Easter, Christmas, birthdays or for guests – people are baking, decorating, garnishing and transporting their own creations. EMSA offers a competent baking range for all of this – from a single source.

Simply: Be sweet!

100 % leak-proof. Because everything stays where it is.

100 % safe – 100 % leak-proof. Simply nothing gets through the EMSA freshness seal – no liquids, no odours.

100 % hygienic. Because germs are kept out.

EMSA food containers have a unique seal without any gaps. Therefore no germs are able to accumulate. Food stays fresh longer. Scientifically proven!*

100 % safe. Because even baby food stays fresh and nutritious.

Today's parents are more demanding than ever. Perfect, because not only are EMSA food storage containers 100 % BPA-free, but also the only food storage containers manufactured in compliance with the Babycare norm. And adults also want the very best quality for themselves.

* Benchmarking of food storage containers, a study conducted by Prof. Dr. Fritz Titgemeyer, Professor of Food Microbiology at the University of Applied Science of Münster, Department of Oecotrophology, Sept. – Dec. 2012.
