

## AGM battery | 12V | 4.5Ah | max 67.5A

Product code: 53033

AGM battery is intended for use in emergency power systems and in other situations where the battery works cyclically.

### Technical data

|                        |                                                                                                                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Rated capacity         | 4,5Ah                                                                                                                                                                                                  |
| Voltage                | 12 V                                                                                                                                                                                                   |
| Loading the buffer     | 13.5 - 13.8V                                                                                                                                                                                           |
| Cyclic loading         | 14.4 - 15.0V                                                                                                                                                                                           |
| Connector              | Fast-on 187 (T1)                                                                                                                                                                                       |
| Usage                  | Alarm systems and monitoring<br>UPS<br>Electronic toys<br>Motorcycles, quads, scooters, etc.<br>Forklifts, golf carts, wheelchairs<br>Solar battery systems<br>Medical equipment<br>Emergency lighting |
| Weight                 | 1503 g                                                                                                                                                                                                 |
| Dimensions             | 90 x 70 x 100mm                                                                                                                                                                                        |
| Warranty               | 12 months                                                                                                                                                                                              |
| Vitality               | 10 years (when working with an uninterruptible power supply UPS)                                                                                                                                       |
| Max. Discharge Current | 67.5 A                                                                                                                                                                                                 |
