

# Product Information Sheet

|                                                                                                                                                          |            |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| Supplier's name or trade mark:                                                                                                                           | GORENJE    |
| Model identifier:                                                                                                                                        | ECT322BCSC |
| <b>Cooker</b>                                                                                                                                            |            |
| Type of hob                                                                                                                                              | electric   |
| Number of electric cooking zones/areas                                                                                                                   | 2          |
| Heating technology (induction cooking zones and cooking areas, radiant cooking zones, solid plates) per electric cooking zone and/or area                | radiant    |
| For circular cooking zones or area: diameter ( $\varnothing$ ) of useful surface area per electric heated cooking zone, rounded to the nearest 5 mm (cm) |            |
| For non-circular cooking zones or areas: length and width of useful surface area per electric heated cooking zone or area, rounded to the nearest 5 mm:  |            |
| Length [cm]                                                                                                                                              |            |
| Width [cm]                                                                                                                                               |            |
| Energy consumption per electric cooking zone or area calculated per kg ( $EC_{\text{Electric hob}}$ ) - [Wh/kg]                                          |            |
| Energy consumption for the hob calculated per kg ( $EC_{\text{Electric hob}}$ ) - [Wh/kg]                                                                | 192,1      |
| Number of gas fired burners                                                                                                                              | -          |
| Energy efficiency per gas burner( $EE_{\text{gas burner}}$ )                                                                                             |            |
| Energy efficiency for the gas hob ( $EE_{\text{gas hob}}$ ) - [Wh/kg]                                                                                    | -          |
