W1C

Wall Mount with Retractable Folding Arm

The **W1C** monitor mount now gives you more room on your desk. Wall mounting your screen is a practical choice that keeps your entire work surface free of cables, monitor mounts and monitor stands.

Your monitor can be quickly and safely attached to the mounting head while still remaining flexible in its orientation. Later changes in the adjustment of your monitor can be done easily: no matter if rotating, swiveling or tilting, with the **W1C** you will always find the optimal setting. Even your modern Ultrawide monitor, with a screen diagonal of up to 49 inches, is no problem for the W1C wall mount, while classic 16:9 monitors are compatible up to a screen diagonal of 43 inches. Whether classic or ultrawide, the **W1C** supports monitors up to a weight of 18 kg/39.6 lbs.
