Long-lasting performance

- Lifetime of up to 24 months

Superior purification

- Filters 99.97% of 0.3- μm particles

Highlights

Longer lifetime

The Philips NanoProtect HEPA filter has multiple optimised pleats. This covers an unfolded area of about 2 m² to ensure a long lifetime.

the size of most common airborne allergens, harmful particles, bacteria and viruses. The high-grade filter with a firm and stable structure ensures all the air flows through the filter and delivers high filtration efficiency.

Superior performance

The Philips NanoProtect HEPA Series 3 filter is made of high-quality material. It can capture 99.97% of particles as small as 0.3 microns –
