OMI-3

ENCLOSURE

OMI–3 is a robust, surface–mounted metal enclosure, which is designed for installation of SATEL's control panels, modules and expanders in different configurations. It comes with an integrated AC/AC transformer, having 50 VA rating and 20 V AC, 50 Hz output voltage. It is provided with double tamper protection against opening the enclosure and tearing it off the wall. The enclosure is designed for indoor use.

As it meets EN–50131 Grade 3 requirements, this ample enclosure can be used in high security alarm systems.

- EN50131 Grade 3 approved
- robust metal enclosure
- double tamper protection
