MPN: USBETHW

USB2.0 to Ethernet, white

The USBETHW is a reliable USB 2.0 to Ethernet adapter that provides a simple and efficient solution for connecting to a network via USB. This white adapter allows you to establish a wired network connection for devices that lack an Ethernet port or when a wireless connection is unstable. Ideal for laptops, tablets, and other devices, this adapter delivers dependable data transfer speeds, ensuring seamless connectivity for work or leisure. Benefit from MicroConnect's 20+ years of expertise in delivering pioneering connectivity solutions with this essential networking tool, offering both convenience and performance in a compact design. It exemplifies our commitment to premium quality and reliable network solutions.
