Highlights

Stainless steel design
Durable metal design in food-grade brushed stainless steel for long, reliable use.

Micro-mesh filter
A removable micro-mesh filter on the spout captures tiny limescale particles as small as 200 microns to ensure a clear cup.

Flat heating element
A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Multi safety system
The kettle shuts off automatically when the water is ready, when it is lifted from the base or when there is too little water.

Pilot light
Elegant indicator light incorporated in the power switch indicates illuminates when the kettle is turned on.

Water level indicator
The water level is easy to read with an indicator located underneath the handle.

Spring lid with large opening*
A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

Easy refilling
The kettle can be filled through the spout or by opening the spring lid.

Cordless + 360° pirouette base
The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.

Hidden cord winder
The cord can be wrapped underneath the base, so it's the right length for any kitchen and easily stored away.
