

CHARGING STAND WITH OPTIONAL SECURITY CABLE FOR 7, 600, 700 SERIES BARCODE SCANNERS

Stylish Hands-Free Scanning

Charge and scan at the same time while maintaining a secure holding place for the scanner with a security cable. The Charging Stand is designed for the Socket Mobile 600/700 Series products. The 2D barcode scanners have auto scanning mode, which provide scanning capabilities without pressing the scan button.

Features & Benefits

- **Elegant & Functional** - Designed to complement your mPOS solution's appearance and functionality with the same style as the SocketScan and DuraScan scanners.
- **Auto Scan Mode*** - Only the 2 dimensional barcode scanners (700 Series) have the Auto Scan Mode. Provides continuous scanning capabilities without pressing the scan button.**
- **Security Cable** - Attaches the barcode scanner to the Charging Stand. Ideal for unattended situations as the cable keeps the scanner connected to the stand.
- **Placement Options** - Design includes free-standing, magnetic or keyhole mount options.
- **Charges Scanner** - Ready and available for use, separate battery light on scanners provide instant indication of battery status.
- **Fully Compatible** - Usable with 7 Series scanners, but not recommended as older 7 Series scanners do not have an eyelet on the scanner for the security cable.

*With S740, D740, D750, D760

**Grab and go features turn Auto Scan Mode off when scanner is removed from stand (security cable not in use) and trigger is depressed.

DIMENSIONS

Stand Height:	6.5 in (165 mm)
Holder Width:	1.80 in (46 mm)
Holder Length:	5.50 in (140 mm)
Base Diameter	5.75 in (146 mm)

TOTAL MASS

Stand Weight:	Without Scanner and Power Adapter: 13.7 oz (387 g)
Antimicrobial Rating:	JIS Z2801:2000 Test: 2.49 on MRSA 6.07 if cleaned with Sani-Cloth Plus cloth wipes
