# PP08

## SFX to ATX power supply adapter bracket

### Introduction

SilverStone's PP08 is a SFX to ATX power supply adapter bracket that is designed for ATX, Micro ATX, or Mini-ITX cases. It has offset mounting holes for SFX power supplies, which crucially increases available spaces inside a small case by up to 10mm compared to ordinary adapters.

This helps to create more room for other components and enables users to easily utilize SFX power supplies in more cases and applications.

### Special Features

Adapts SFX PSU to fit ATX(PS2) PSU mounting holes

Designed for use in most ATX or Micro-ATX cases

Uniquely offsets SFX PSU mount to increase available case space

### Specifications

|             |                                 |
|-------------|---------------------------------|
| Model       | SST-PP08B                       |
| Color       | Black                           |
| Material    | 0.8mm SECC                      |
| Application | ATX power supply adapter        |
