C-A35M/IRRN

3.5mm to IR Receiver Cable

Kramer's C−A35M/IRRN is an IR receiver cable designed as a companion to a Kramer infrared repeater such as the PT−4iREX that has an external remote IR receiver input.

FEATURES

- Quality Construction - The compact IR receiver module is mounted to a 15.2m (50ft) cable terminated with a molded 3.5mm connector.
- Available Lengths - Available in versions of 0.9 and 15.2m (3 and 50ft).
