Description

Akyga® AK35BK is a computer case in the **Micro ATX** standard perfect for consumers who want to complete a compact computer while saving some office or home space. The product, despite its minimalist design, ensures full functionality expected from enclosures. It supports **motherboards in Micro ATX, Flex ATX, and Mini ITX format**, and allows you to mount a graphics card up to **250 mm** long. The housing has **three internal bays** for mounting disks and drives. One **3.5 "**, second **2.5"** and **third universal** up to both 3.5 "and 2.5". The architecture of the product makes it possible to place **up to 3 fans** in it to improve the cooling of components. The front panel of the housing is equipped with **2 standard USB A 2.0 connectors** and sockets for connecting a microphone and audio equipment. The product is available in black, perfectly matching its minimalist design.

The housing comes with a set of mounting screws, and the whole is packaged in environmentally friendly **Ecobox**.
