LONG PVC BLACK CARDS

CLEAR & ATTRACTIVE LABELLING FOR PRICE TAG APPLICATIONS

With their increased surface of writing Evolis Long PVC black cards are ideal to clearly display all the necessary consumer information (ingredients, prices, allergens, production method, origin, nutritional information, etc.) and to give your shop a professional image.

ADVANTAGES

Long black cards are an easy, clean and aesthetics way to manage your communication. With Evolis printing quality specific elements are clearly legible (texts, barcodes, etc.). Made from PVC they are flexible and easy to insert in shelf price rails.

These cards are ideal for price tag labelling and particularly for bakeries (C8152 150 mm length card in compliance with French Decree on labelling bread products 78-89/P).

Tested and validated by Evolis R&D and Quality departments, these consumables bring you printing quality and reliability.

EVOLIS NEW CARDS

Storage Information:

The cards shall be capable of functioning for up to 2/3 years after purchase if stored in a cool, dry environment and having remained unopened from the original packaging. Temperature of storage must be between 5-40°C (41-104°F) and at RH between 10-60%. Once opened, avoid dust, direct sunlight, high humidity and high temperatures. Do not place near solvent or other chemicals.

INSTRUCTIONS FOR USE

In order to optimize the printing quality and card durability:

- Do not use cards that have been damaged, folded or dropped on the floor.
- Do not touch the printable surface of the cards in order to preserve print quality.
- Do not use in high temperature conditions. Do not place near heat sources or open flames (degradation above 60°C / 140°F). Avoid thermal shock.
- Avoid dishwasher and chemicals, wash your printed cards using clean cold water.
