

ICY BOX
IB-PS101-PD

Wall charger for USB Power Delivery

Key features

- Charges compatible devices at the highest rate using USB Power Delivery technology
- Compact and energy efficient Type-C® PD 3.0 charger
- Charges mobile devices at full speed with up to 90 Watt via Power Delivery
- Additional USB Type-A charging port with up to 2.4 A
- Universal compatibility with many notebooks, tablets and smartphones
- Intelligent chipset automatically recognizes the charging mode
- Safe use with over-load, over-voltage/over-current, over-heat and short circuit protection
- Integrated cable with 1.80 m length and USB Type-C® plug

Packing content
1x IB-PS101-PD, 1x quick installation guide

Wall charger for USB Power Delivery

The IB-PS101-PD is a USB Type-C® PD wall power charger with an additional USB Type-A interface. With a combined total output of 90 Watts you can charge a 15- or 16-inch computer alone, or a 13-inch laptop plus a smartphone simultaneously at full speed. The combination of two powerful ports in a small package makes it a great value for anyone who wants a single, travel-sized charger for a notebook and a phone or other devices. It even comes with an integrated USB Type-C® cable.

Technical data

Model	IB-PS101-PD
Article no.	60772
EAN code	4250078171096
Brand	ICY BOX
Colour	Black
Material	ABS
Input voltage	AC 110-240 V ~ 50/60 Hz 1.5 A
Main socket	EU socket CEE 7/16
Protection class	Class II protection, indoor
Efficiency Level	VI

Total output	90 Watt
Charging ports	1x USB Type-C® plug, 1x USB Type-A port
Charging port max output	**USB PD Type-C®** 5 V@3 A = 15 W; 9 V@3 A = 27 W; 12 V@3 A = 36 W 15 V@3 A = 45 W; 19 V@4.5 A = 85.5 W 20 V@4.5 A = 90 W **USB Type-A** 5 V@2.4 A = 12 W
Charging standard	USB Power Delivery, PD 3.0
Length of cable	180 cm
System requirements	USB Type-C® Power Delivery enabled computer, tablet or smartphone. Ensure that the voltage and polarity of your equipment are compatible with each other! Additional USB Type-A charging cable is not included.

Wall charger for USB Power Delivery

How about a combination?

The IB-PS101-PD has an additional USB Type-A port with a combined total output of 90 Watts, that means you can charge a 15- or 16-inch computer alone, or a 13-inch notebook and a smartphone simultaneously, both at full speed.

A compact power-pack!

Advanced technology for fast charging automatically detects and delivers voltage and current based on your connected devices. Features the user-friendly USB Type-C® reversible plug for trouble-free connection in any direction. Ideal for travel, home or office.

Integrated Power Delivery cable

At first, an integrated USB Type-C® cable may seem a disadvantage, but on closer inspection a clear benefit shows, because it can always transfer the supported Power Delivery wattage - without any exception!

Logistical data
