PAIRING JUMELAGE

The headset and transmitter are paired out of the box, indicated by a solid LED on the
transmitter. If your transmitter's LED is double-blinking, follow the steps to pair your headset
and transmitter.

Le casque et l'émetteur mini devraient déjà être appariés, comme l'indique un voyant fixe sur
l'émetteur. Si le voyant de votre émetteur clignote deux fois, suivez les étapes pour appairer
votre casque et votre émetteur.

- 1 Connect your Stealth™ 600 Gen 2 for PlayStation® Transmitter into an available USB port on
your PlayStation® 4 console. Your Transmitter will begin to double blink blue as it
searches for your Headset.

LED's remain solid, indicating a successful pairing.
Dans les 10 secondes qui suivent, les voyants LED de
l'émetteur et du casque resteront fixes, ce qui indique
qu'ils ont bien été appariés.

After 30 seconds, your transmitter will search for both the previously paired headset or
any available Stealth™ 600 Gen 2 headset to pair to. Bring the two units closer together
to ensure faster pairing.

Au bout de 30 secondes, votre émetteur cherchera le casque apparié précédemment ou
n'importe quel casque Stealth™ 600 Gen 2 disponible avec lequel s'apparier. Rapprochez les
