Package contents

- 1 x 1U fixed shelf
- 4 x cage nuts
- 4 x mounting screws

System requirements

- At least 1U of available space in rack or cabinet.
- If you use a rack or cabinet that doesn't use square mounting points along the posts, you will require the appropriate mounting hardware for the type of rack that you're using.

Installation

This product can support the following weight: 44 lb. (20 kg).

The following instructions describe how to mount the shelf using the provided hardware. If the rack or cabinet you're using requires different hardware, consult the documentation that came with the rack or cabinet for more information about how to mount the shelf.

1. Locate a suitable location in the rack or cabinet to mount the shelf. The shelf itself requires 1U of space within the rack or cabinet.
2. If the rack uses square mounting holes, install the provided cage nuts into the square mounting holes on the front posts of the rack.
3. Place the shelf into the rack and align the mounting points on the front brackets of the shelf with the mounting points on the rack (for example, the cage nuts).
4. Use the provided mounting screws to secure the shelf to the rack.
5. Make sure that the screws are properly tightened and the shelf doesn't move before you put anything on the shelf.
