

DONN06G

DONN 9-in-1 Multifunctional USB Hub Adapter, USB-A 3.0 x 3, USB-C PD, HDMI, S

This 9-in-1 USB-C to HDMI Adapter makes it possible to expand your device's USB Type-C capacity with HDMI/USB-C PD/USB-C data/USB 3.0/RJ45 ports and card readers (SD, MicroSD/TF). The adapter allows you to connect to the internet easily through the built-in USB port on your laptop. This is an ideal solution for MacBook or other Windows computers that may have wireless built-in but don't come with an Ethernet port. The adapter provides an easy way to add HDTV, or equipment such as a monitor or projector to any USB-C device such as a smartphone, portable gaming console, MacBook, Chromebook Pixel or any similar late-model laptop with USB-C ports. Perfect for home entertainment, office presentations and classroom teaching.
