

MPN: ES601004-BULK

# Lightning Cable MFI 0.15m White

BULK packed (see picture)

This eSTUFF charge & sync cables is the better choice as it has been reinforced on three vital points for ultimate durability and performance. It is built to withstand even the most challenging daily routines and is close to indestructible.

The cable is equipped with the latest Apple MFI **chipset C89**.

All eSTUFF lightning cables are MFI certified ensuring complete compatibility and superior performance with all Apple devices using a lightning connector.

- Ultra tough, double shielded charge & sync cable
- Full laser-welded reinforced C89 lightning connectors
- Tested to withstand more than 50.000 180° bend cycles
- Kevlar® wire inside the cable with 50 kg+ pull strength
- Supports up to 5V/2.4A charging

## Specifications

|                    |                             |                                                     |
|--------------------|-----------------------------|-----------------------------------------------------|
| Features           | Cable length                | 0.15 m                                              |
|                    | Cable material              | Copper                                              |
|                    | Certification               | MFI                                                 |
|                    | Compatibility               | All Apple devices with a lightning connector        |
|                    | Connector 1                 | Lightning                                           |
|                    | Connector 1 form factor     | Straight                                            |
|                    | Connector 1 gender          | Male                                                |
|                    | Connector 2                 | USB A                                               |
|                    | Connector 2 form factor     | Straight                                            |
|                    | Connector 2 gender          | Male                                                |
|                    | Connector contacts plating  | Nickel                                              |
|                    | Jacket material             | Polyvinyl chloride (PVC)                            |
|                    | Maximum data transfer rate  | 480 Mbit/s                                          |
|                    | Plug and Play               | Yes                                                 |
