

Passport scanning streamlined — careful, fast, and hassle-free

The ideal partner for your Alaris S2000 Series Scanner. Scan two passport pages at once in seconds. No document handling required and it never has to leave the sight of its owner.

Along with no danger of passport damage, these valuable documents are always in view during scanning, adding peace of mind for you and your customers. Scan and return the passport in one efficient step.

The Alaris Passport Flatbed Accessory docks underneath the scanner, for a more compact footprint that takes up less desk space.

With the Alaris Passport Flatbed Accessory, you're set to handle passports and other small or delicate documents.

Alaris IN2 Ecosystem

Today's complex data environment needs an integrated approach to information capture. The IN2 Ecosystem delivers the best information capture solution for your business with industry-leading scanners, software, and services delivered by a network of trusted partners.
