Nano Security Locks

Protect your electronic device in public places such as in the office, at school or while travelling.
A Gearlab® nano security lock keeps your device, personal information and data safe from theft. It is easy to install and you can anchor your device securely to your desk, table or any other fixed object.

The Gearlab® nano security locks comply with existing key slot technologies and methods and work with all tablets, notebooks, desktops, monitors, docking stations or other compatible devices with standard Kensington Security Slot™.

Features

- Universal design compatible with standard Kensington Nano Security Slot™ 2,5x 6mm found in most new laptop models
- Cable material: cut-resistant 7x7 twisted strand carbon steel with protective plastic cover
- Lock material: Zinc alloy
- 2 keys or 4-wheel combination lock
- Cable size: Ø4.5mm x 180cm
- Manufactured in Taiwan
- Warranty: 3 years
