- Support full frequency IR signal from 20KHz to 60KHz.
- Supports PoC, the Receiver can be powered via Transmitter.
- Supports built-in EDID to ensure HDMI signals transmission from source to display.
- Supports HDMI 1.3, HDCP 1.4 compliant.

Description

The LevelOne HDMI Extender offers a ground-breaking solution for long range HDMI deployments, extending the range of HD signal broadcasts up to 50 metres from the source. Featuring both a transmitter and a receiver, signals are distributed over Ethernet cables, providing a crystal-clear, high-definition signal without the expense of using optical fiber. LevelOne HDMI Extender also supports both HDCP 1.4 and 2.2 which is sufficient to cover majority of HDMI devices. (Source and devices are needs to be same HDCP version)

Additional Information

Approval and compliance	CE/FCC
Max. operating humidity (%)	90
Max. operating temperature (°C)	55
Min. operating humidity (%)	90
Min. operating temperature (°C)	-10
Resolution	1920 x 1080 @60 Hz
Product weight (kg)	0.074
Product breadth (mm)	66
Product depth (mm)	16.8
Product height (mm)	66
Color	Black
EAN	4015867225738
Model number	HVE-9006
Package contents	HVE-9006 Quick Installation Guide Power adapter IR Receiver/Emitter
