

## BENEFITS:

- Lasts longer in everyday devices
- Dependable performance

## APPLICATIONS BEST FOR:

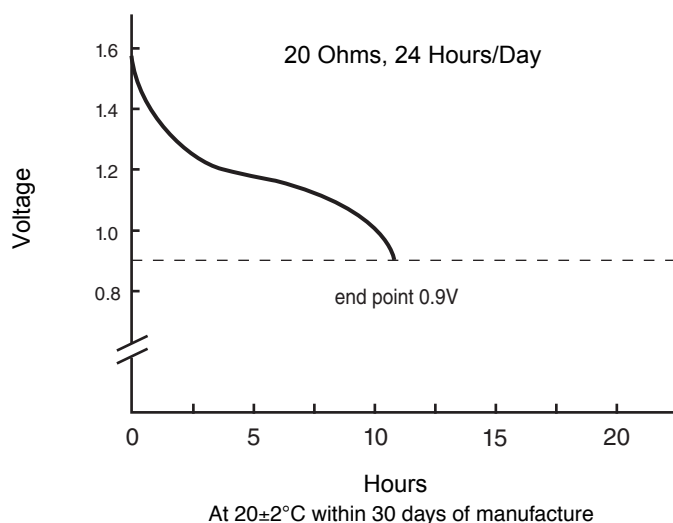

## OTHER DETAILS:

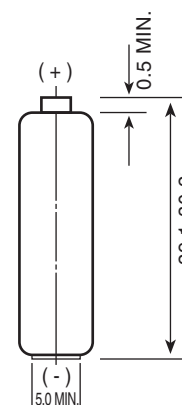

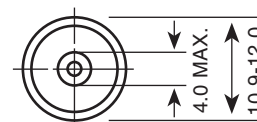

- Mercury Free Alkaline Manganese chemistry
- Cylindrical cell type
- Average weight: 9g

## TYPICAL SERVICE LIFE:

| Discharge Resistance | Discharge Condition | End Point Voltage | Service Life |
|----------------------|---------------------|-------------------|--------------|
| 20 Ohms              | 24 Hrs/Day          | 0.9V              | 12 Hrs       |

- GP Super Alkaline Battery
- N Size
- 6 Volts

Unit : mm
