- Height-adjustable feet with rubber protection to compensate for unevenness
- Ideal for office and home office
- For ergonomic work
- Cable management tray against cable tangle: for a tidy and structured workplace
- Switching power supply for low power consumption and optimum efficiency

Packing content

IB-EW205B-T, accessory kit (table top not included)

Technical data

Model	IB-EW205B-T
Article no.	60866
EAN	4250078171997
Colour	Black
Material	Table base: steel
Supported weight	Up to 125 kg
Height adjustment	660 mm, automatically
Numbers of motor	2
Lifting speed	Up to 38 mm/s
Noise emission	≤ 50 dB
Numbers of leg	2
Numbers of stages	3
Height adjustment range	From 620 mm to 1280 mm
Height levels	Continuously variable
Width adjustment range	From 1000 mm to 1700 mm
Control panel	Digital memory touch controller
Safety	Anti-collision sensor
Power supply	Input: 100 - 240 V, 50/60 Hz, 3 A Output: 32 V, 6 A
Power Cord Length	3 m
BIFMA Compliant	Meets and exceeds BIFMA X5.5-2014 standard for stability and durability

ICY BOX **IB-EW205B-T**

Electric height adjustable sit / stand desk frame with digital memory touch panel

Discover ways to work healthier

Studies suggest that switching from sitting to standing offers several health benefits and can increase productivity. With the IB-EW205B-T, you can now easily achieve the perfect balance between sitting and standing throughout the workday. We have the simple option to create a high quality sit/stand desk solution if you want a solution without unnecessary accessories and high costs. It is perfect for offices, schools, homes and most workspaces and integrates your existing tabletops.

Easy control

We have the powerful, smooth-running, stable, quiet and continuously adjustable table base with two motors for trouble-free height adjustment with up to 38 mm per second lifting speed. 3-stage extendable table legs provide a split-second transition from sitting to standing at the touch of a finger.

Thanks to the digital LED control unit, adjustments can be made at the touch of a button. Three programmable memory presets store your desired height settings and provide automatic reminders to switch between standing and sitting for regular exercise.

Dual electric lift system

The sturdily built steel table legs are adjustable via a telescopic height adjustment. This ensures that the transition to your ideal, ergonomic position is made in seconds with a simple touch. The dual motor offers better stabilisation, higher load capacity and low running noise, so you can go about your work undisturbed.

Logistical data

Packing unit: 1 pcs./carton
Total weight: 34.0 kg/carton
Gross weight (with packing): 34.0 kg
Net weight: 31.0 kg

Dimension/carton: 300x1112x225 mm
Dimension (with packing): 300x1112x225 mm
Dimension of article: 620x1700x1280 mm
Country of origin: China
