■ TECHNICAL SPECIFICATION

Sensor: optical, Pixart® PMW 3327
Switches: Huano Blue Shell (20 m)
Backlight: RGB – 16.8 million colors
Resolution: 200 – 12000 DPI
Polling rate: 125 – 1000 Hz
Maximum tracking speed: 220 IPS
Number of programmable buttons: 7
Dimensions: 124.8×62.9×40.5 mm
Weight: 84 g ± 1 g
Cable: Paracord cable with USB connector – 1.8 m
Mouse skates: PTFE (Teflon), additional set included

GAMBIT is a closed design – optic gaming mouse. It adopts an exceptional and gamers-valued Pixart PMW 3327 sensor. It delivers 200-12000 DPI accuracy. That tracking range gives high precision, sensitivity, and coherent reaction time while playing shooters and different games.
