BENELUX OFFICE PRODUCTS AWARD 2020 WINNER

Extra compartments
The bag is equipped with extra storage options for a separate keyboard and mouse.

Made in Brazil

Also available in brown

Healthy laptop use

Create your ergonomic workplace anywhere.

Laptops are ideal for working everywhere. Unfortunately, they are not designed for healthy working and provoke a hunched posture. It's precisely this posture that is so straining for the neck and shoulders. We have developed the R-Go Viva laptop bag, which makes it possible to work healthily everywhere.

Our laptop bag is equipped with a height adjustable stand, so you can elevate your screen to eye level. You will automatically sit in an upright position. The bag is also equipped with extra pockets for a separate keyboard and mouse.

Social project

The R-Go Viva laptop bag is produced in cooperation with the **Agua Viva foundation** in Brazil. By buying our laptop bag you help people in need. By offering them employment, you not only give them perspective, but also a source of income. In addition, approximately 20% of the production costs of the laptop bag are donated to the Agua Viva foundation. This way Agua Viva is able to give even more people a new chance!
