ICY BOX **IB-MSG303BL-T**

Gaming monitor stand with USB 3.0 media hub and RGB light effect

Brings light into the dark

The IB-MSG303BL-T impresses with good workmanship, a modern and eye-catching design and its lighting in the base of the monitor stand, which creates a particularly pleasant ambience in your gaming room. The colours play through the palette of the rainbow.

Even more connections!

This monitor stand adds two more USB 3.0 ports to your end device. A third USB 3.0 port provides the necessary power. You also have the option of connecting a microphone and headphones, extremely convenient for your gaming applications!

Firmly and securely mounted

The monitor stand can be securely attached to the tabletop in two ways. If your desk has a cut-out, you can attach the monitor stand to table tops with a thickness of 10 to 80 mm by means of a table feed-through. For tabletops with a thickness of 10 to 85 mm, you can also mount it securely using a clamp base. The accessories are included in the scope of delivery.
