

Great Memories are a *Gift*

Beautiful Wrapping with
SP Armor Protection

Innovative Cable-Carry Design

Different from common cable-carry hard drives on the market, the A62 has the first diagonal cable storage design that not only reduces the product's size and weight, but also let users always have the cable at hand when needed.

Protection for Careless Moments

It looks so cool and classy!
Does it also offer protection?
Yes - it's military-grade shockproof and IPX4 water-resistant for safe data storage. The unique texture of the surface also helps to avoid fingerprints, scratches and damages caused by friction.

Portable Hard Drive

Armor A62

Features

- IPX4 waterproof and 122cm military-grade shockproof (MIL-STD 810G 516.7 Procedure IV transit drop test)
- Protection without the typical rugged military look
- Special surface texture for protection against scratches and fingerprints
- Two sizes to cater for different storage capacity needs (A62S, A62L)
- Large storage capacity of up to 5TB with A62L
- Fast data transfer with USB 3.1 Gen 1 interface
- Free download of SP Widget* software for data backup & restore, AES 256-bit encryption, and cloud storage

Specifications
