## Smart liner-free label printing for click & collect, takeaways and deliveries

This thermal label printer has been developed for a range of retail and hospitality businesses, including fast-food retail chains, restaurants, food delivery services, ghost kitchens, supermarkets, convenient stores and catering. The TM-L100 supports a range of media, including thick and highly-adhesive media, to help create a range of permanent and semi-permanent labels.

**Create high-quality permanent and semi-permanent labels**
The TM-L100 supports a range of liner-less media, including thick and highly-adhesive media.

**Improve productivity**
Reduce time and avoid costly mistakes associated with handwriting labels. The TM-L100 produces clear, legible and highly-adhesive labels, without the need to peel off the backing paper.

**Reduce environmental impacts**
Print labels without the plastic backing paper, to reduce label waste.

**Integrate and connect easily**
The TM-L100 can be easily integrated into existing POS systems, thanks to embedded ePOS capacities. The printer also has Bluetooth, Serial and Ethernet connectivity capabilities

**Keep downtime to a minimum**
High-quality, reliable hardware backed by Epson's history and heritage in the global printer marketplace.
