

Qoltec DisplayPort v1.2 male | DisplayPort v1.2 male | 1.8m

Product code: 50361

The solutions used will allow you to enjoy high image and sound quality

Make sure your devices support DisplayPort v1.2

One cable, many possibilities

Surely you have invited your family or friends to a holiday photo show more than once? Did you have the impression that your 17" monitor does not fully reflect the depth hidden in the photos? Or maybe you want to watch your favorite movie from before, but in better quality? If you answered yes to at least one of these questions, it is a sign that you are looking for a solution, which are our DisplayPort cables. Available in various variants due to the version and length of the cable.

Details are important

At the very beginning of designing, we ask ourselves - what do customers expect from our products? That is why we pay special attention to details and use the highest quality materials:

- Each of our cables is shielded to reduce signal interference,
- Two nickel-plated plugs allow for even better performance,
- Various cable lengths - We know that the right cable length also matters to you.

Trust confirmed by warranty

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. Each of the DisplayPort cables we offer is covered by a 24-month warranty valid from the date of purchase.
