Packing content

1x IB-DK2251AC, 1x wall power supply, 1x USB 3.0 Type-B to Type-A/Type-C™ cable (100 cm), 1x quick installation guide

Does not fit, does not exist!

Notebooks and other mobile devices are getting thinner and smaller. This is usually at the expense of connectivity options - even the widespread RJ45 LAN port or extra USB inputs are often drastically reduced. Concerning HDMI® connections that many display devices are required, we'd rather not even talk.

With the IB-DK2251AC, ICY BOX present a practical DockingStation with which any lack of connectors on the PC will not cause any issue. The connection is simple and is accomplished with a USB 3.0. once connected, all the additional eleven ports (4x USB 2.0, 2x USB 3.0, Gigabit LAN, HDMI, headphones & Microphon) are available. This high quality adapter can be used with both current Windows and Mac operating systems.

Thus is the ICY BOX IB-DK2251AC the perfect companion for eager travelers, business and multimedia enthusiasts who want to be prepared for all any environments.

Technical data

Model	IB-DK2251AC
Article no.	60638
EAN code	4250078169765

ICY BOX IB-DK2251AC

Multi-Docking Station for Notebooks and PCs

Bring diversity to the office everyday

With just one USB 3.0 host interface you receive four further USB 2.0 ports, two USB 3.0 ports, two HDMI® interfaces as well as a Gigabit Ethernet connection and audio ports.

Multitasking for all

Thanks to the HDMI® video interfaces, two additional screens can be connected, both in Full HD quality. The many available USB 2.0 and USB 3.0 ports make sure you will never have a need to compensate one device over the other.

Hands and feet

The high quality metal stand makes sure the IB-DK2251AC is always in balance. Adding all the available ports, this device will make order in every situation.
