MPN: KEYSTONE-8

UTP, Cat6, RJ45

The MicroConnect Keystone module CAT6, UTP (KEYSTONE-8) provides a reliable and high-performance solution for your network cabling needs. Designed for unshielded twisted pair (UTP) installations, this keystone module ensures optimal data transmission speeds compliant with CAT6 standards. Ideal for creating structured cabling systems in homes, offices, or data centers, it offers easy installation and secure connections. Benefit from MicroConnect's 20+ years of expertise, ensuring premium quality and lasting performance at a fair price for your network infrastructure. This keystone module guarantees efficient and dependable network connectivity.
