DESCRIPTION

The Tristar SA-3060 Sandwich maker has shell shaped plates so that you can make two grilled sandwiches in the shape of a shell. Because these grill plates are extra deep, you can make sandwiches with extra filling.

Smart design

The Tristar sandwich maker has a compact size so it does not take up much spacing when storing. The lid is provided with a

safety lock and cord storage that allows you to store the sandwich maker both horizontally and vertically. It has a luxurious look thanks to the stainless steel lid and you can easily clean the sadnwich maker thanks to the non-stick coating that makes sure nothing sticks to the plates.

Easy to use

The Tristar sandwich maker quickly reaches the right temperature thanks to 900W power. The sandwich maker is very easy to use: just plug it in and the indicator lights show you at a glance if it has reached the right temperature. The non-stick coating makes it easy to clean the sandwich maker in no time after use.
