RollerMouse Pro3

An updated classic, providing support and pain relief for thousands of users

RollerMouse Pro3 is a classic centred mouse that has helped countless computer users worldwide. It's suitable for anyone who works with a full-size keyboard and prefers a partly-covered, slimmer Rollerbar. Work at the computer for long periods of time without pain in your neck, shoulders and back.

Proven support

Adopting a natural posture that positions your hands in front of your body alleviates stress in your fingers, neck, and shoulders. Smart features such as copy/paste and double-click accessibility facilitate work with minimal effort. You can tailor the click resistance and cursor speed to suit your preferences, ensuring a personalised experience.

RollerMouse Pro3 materials have been upgraded to consist of recycled aluminium and PCR plastic. Additionally, it features an anti-bacterial wrist rest made of vegan leather and memory foam upholstery.
