

Signum 300 Core

PC CASE

We did it
for ~~fun~~ fans!

Your hand-picked components deserve a "home sweet home" — with the ENDORFY Signum 300 Core you can create an airy and good-looking environment for your PC to perform to the best of its abilities. It'll keep your rig pleasantly cool while allowing you to peek inside to admire its ARGB-backlit beauty.

Stratus 120 PWM fans

Includes 2 powerful and durable Stratus fans with PWM speed control, co-developed with Synergy Cooling.

Tempered glass side

Transparent side panel puts your hardware in the spotlight.

Wide cooling compatibility

Enough room for tall heatsinks up to 161 mm and large radiators up to 360 mm in front or 240 mm on top of the case.

Convenient cable management

Deep cable channel in front of the case gives ample room for routing cables.

Mesh front panel

Fine mesh structure lets airflow in while keeping the dust out.

8 fan mounts

Tailor the airflow to your unique build with convenient fan mounts on the front, back, top and bottom sides.

Removable dust filters

Dust filters on the top, bottom and sides of the front can be removed for easy cleaning.
