7-Port Compact USB 3.0 Hub (5Gbps) with Built-in Cable

Product ID: ST73007UA

This compact, 7-port USB 3.2 Gen 1 hub is tailored to match the stylish design of your MacBook. It features a sleek, silver sandblasted housing that looks great next to your Apple laptop. And, because the hub is designed with a solid-aluminum casing, it provides the lightweight durability that's ideal for either travel or desktop usage.

This high-quality, Apple style USB hub gives you an easy way to expand your MacBook connectivity. It provides seven USB 3.2 Gen 1 (also known as USB 3.1 Gen 1, or USB 3.0) hub ports in a compact housing. With more ports, you have more scalability to connect extra USB devices. Plus, you can leave your devices plugged in, so they're ready to use when you need them.

The 7-port USB 3.2 Gen 1 hub offers a silver sandblast finish that provides a unique and stylish appearance, making the hub look as trendy and contemporary as your MacBook, Ultrabook, or laptop.

The hub features a built-in, 98 cm (38 in) cable that is longer than what most traditional hubs offer. The extended-length cable gives you the flexibility to place the hub and your devices exactly where you want them, and it ensures the hub can connect to your laptop or tablet regardless of where the laptop's USB 3.2 Gen 1 port is located.

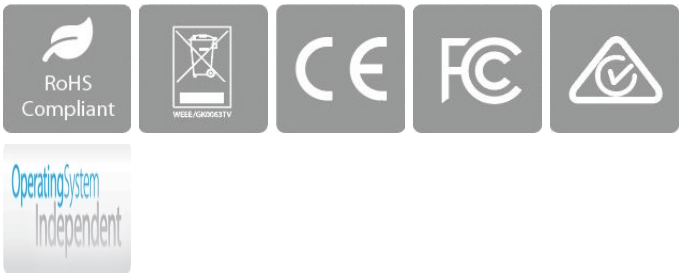

This compact hub features seven ports with plenty of space between each port, unlike some USB 3.2 Gen 1 hubs that jam multiple ports into a tightly-packed space which makes it difficult to connect multiple devices to adjacent hub ports. With extra port spacing, you can connect devices and cables that have larger connectors, without sacrificing the hub's small footprint design.

The rugged aluminum housing offers dependable protection, so the hub is perfect for travel, such as back-and-forth trips from home to office. Plus, the compact hub takes up minimal space on a desk, so you can use it in hot-desk or BYOD (Bring Your Own Device) environments.

The easy-to-use hub is plug-and-play and hot-swap compatible, so you can install it quickly, with no additional drivers or software required. It includes a power adapter as well, so you can rest assured that you can connect virtually any USB 3.2 Gen 1 peripheral, even devices with high power requirements. Plus, you can also avoid the nuisance and cost of purchasing new devices by using the USB 3.2 Gen 1 hub with your current USB 2.0 and 1.x devices.

The ST73007UA is backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

• Flexible hub placement options with an extended-length cable, so you can connect a wide variety of peripherals at home or in the office

• Carry the hub with you while traveling, and connect virtually any USB peripheral wherever you go

• Deploy in hot-desk environments to provide USB hub access for multiple devices

Features

• Sleek and stylish, with a silver, sandblasted finish that matches your MacBook

• Rear port orientation for better USB device management and less clutter

• Place the hub exactly where you need it, with a compact and lightweight casing, and an integrated, extended-length cable

• Rugged, aluminum housing delivers reliable performance

• SuperSpeed USB throughput support up to 5Gbps

• Connect and operate USB 3.2 Gen 1 devices that require additional power, using the included 20W power adapter

• Backward compatibility lets you save money by using the hub with existing USB 2.0 and 1.x devices

• Plug-and-play and hot-swap compatible

• Provides overcurrent protection

Hardware

Warranty	2 Years
USB-C Device Port(s)	No
USB-C Host Connection	No

	Fast-Charge Port(s)	No
	Ports	7
	Interface	USB 3.2 Gen 1 (5Gbps)
	Bus Type	USB 3.2 Gen 1 (5Gbps)
	Industry Standards	USB 3.0 - Backward compatible with USB 2.0/1.1
	Chipset ID	Genesys Logic - GL3523
Performance		
	Maximum Data Transfer Rate	5 Gbps (USB 3.2 Gen 1)
	Type and Rate	USB 3.2 Gen 1 - 5 Gbit/s
Connector(s)		
	Connector Type(s)	7 - USB Type-A (9 pin, 5 Gbps)
		1 - USB Type-A (9 pin, 5 Gbps)
Software		
	OS Compatibility	OS Independent; No additional drivers or software required
Special Notes / Requirements		
	System and Cable Requirements	Host computer with a USB 3.0 port
	Note	If connected to a USB 2.0 host port, performance may be limited
Indicators		
	LED Indicators	1 - Power
Power		
	Power Source	AC Adapter Included
	Input Voltage	100 - 240 AC
	Input Current	0.6 A
	Output Voltage	5 DC
	Output Current	4 A

	Center Tip Polarity	Positive
	Plug Type	H
	Power Consumption (In Watts)	20
Environmental		
	Operating Temperature	0C to 40C (32F to 104F)
	Storage Temperature	-10C to 70C (14F to 158F)
	Humidity	10%~90% RH (Non-condensing)
Physical Characteristics		
	Color	Silver & White
	Form Factor	Desktop
	Material	Aluminum and Plastic
	Cable Length	38.6 in [980 mm]
	Product Length	7.2 in [18.3 cm]
	Product Width	1.5 in [37 mm]
	Product Height	0.7 in [1.8 cm]
	Weight of Product	4.3 oz [122 g]
Packaging Information		
	Package Quantity	1
	Package Length	4.6 in [11.6 cm]
	Package Width	9.0 in [22.9 cm]
	Package Height	2.3 in [58 mm]
	Shipping (Package) Weight	16.6 oz [471 g]
What's in the Box		
	Included in Package	1 - 7-port USB 3.0 hub - compact with built-in cable
		1 - universal power adapter (NA/EU/UK/AU)
